Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Tuesday 19 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Very wet for many. Becoming colder later.

Today:
Bright across northern Scotland with showers in the far north. Rain across the rest of the UK, heavy and persistent across Northern Ireland, southern Scotland, northern England and Wales but some drier spells in the south and east.

Tonight:
Rain for much of the UK, with snow possible Northern Ireland and southern Scotland. Most persistent rain northern England and north Wales. Drier north Scotland with a few showers.

Wednesday:
Wet and windy England and Wales but improving for Northern Ireland. Some snow over southern Scotland pushing into east Scotland later. Drier but still some showers in far north.

Outlook for Thursday to Saturday:
Rain and snow in the north Thursday clearing northeastwards, showers elsewhere, windy. Sunshine and showers Friday and Saturday, wintry in the north. Perhaps some rain in the far south Saturday.
